Europe's leading industrial decarbonisation event

We are excited to bring our 3rd iteration of Decarb Connect Europe as we host in Germany for the first time! Home to a long tradition of industrial strength, technical innovation and policy leadership, Europe continues to offer huge potential and opportunity for industrial decarbonisation.

New This Year:

- Meet new industrial speakers including senior leaders from: **Eramet, Aluminium Dunkerque** and **AGC Glass Europe**, alongside those tasked with decarb strategy from **BASF, Lhoist** and **Holcim** - all of them ready to discuss their progress and share what's working.
- An interactive conference format featuring case studies, analyst sessions, and ample opportunities for questions, fostering engagement and knowledge-sharing.
- Due to popular demand, we're bringing back our pre-day site tour and are exploring new site tour options in and around Berlin with **BASF, Cemex** and **ArcelorMittal**.
- We've worked hard to deliver representation from across Europe, and have targeted countries like Norway and Austria who have been moving fast with projects.
- Following huge success in North America, we've introduced the **European Next Gen Awards**, putting a spotlight on tech disruptors. As guided by you, categories this year give you the opportunity to meet a shortlist of winning tech disruptors across: Electrification, Hydrogen, Carbon Capture and Alternative Fuels.
- We've worked hard to deliver representation from across Europe, and have targeted countries like **Norway and Austria** who have been moving fast with projects.

We're uniting leaders from 8+ European nations to discuss their CO₂ reduction roadmap. Our forum includes senior leaders from diverse sectors: industries, tech innovators, associations, financiers, and government bodies. Together, we aim to catalyse impactful conversations and forge lasting connections for advancing Europe's industrial decarbonisation agenda.

What will you take away from Decarb Connect Europe 2024?

- A robust business case for investment in new technologies – learn from early adopters in waste valorisation, hydrogen, and carbon capture.
- The case studies will mean you'll understand how others are selecting their technology requirements and working with innovative disruptors. You'll walk away understanding how to identify the leadership teams you can work with and the financial structures to put in place.
- You'll know how others are minimising risk and maximising deployment from the in-depth discussions of European financing mechanisms.
- Actionable interpretation of the EU Industrial Carbon Management Strategy, complete with insights from those already adapting their business models and plans.
- A shortlist of tech winners back to the office through the Next Gen Awards.

Decarb Connect Europe is the strongest platform you can use to connect with other industries, innovators and influencers in industrial decarbonisation.

We're proud of the excellent feedback from our events in Amsterdam and Antwerp, but we're aware we need to bring something different this year.

You'll see we've integrated more case studies and ensured that panels are digging deeper into the right issues – plus we are increasing our governmental representation at a local and EU level.

Join us to unlock the insights and partnerships that will ease your transition to net zero.

We look forward to meeting you –

Alex Cameron,
Founder & CEO,
Decarb Connect &
Decarbonisation
Leaders Network

LHOIST

Nadine Barthel,
International
Network and Cluster
Management,
**CLUSTER
DECARBONISATION
IN INDUSTRIES (CDI)**

Thorsten Hahn,
Chief Executive
Officer,
HOLCIM GERMANY

Key reasons that make this event the right one for you:

Take-away **practical and implementable ideas** from insights shared on stage, as well as with your peers and solution providers during the networking activities.

Learn from the experiences of **200+ leaders in decarbonisation** from steel, cement, glass, chemicals and other heavy industry, as they tackle the biggest challenges in meeting their net zero targets.

Choose from two site visits this year...Visit **BASF Schwarzheide GmbH Plant** or join the CEMEX Roadmap & CO₂ Avoidance Tech Tour at **CEMEX Rüdersdorf Plant**.

Through a series of **panels, round table discussions and case studies**, gain cross-sector practical insights to apply in your own decarb road maps, featuring Holcim, NSG, INEOS, Carmeuse and more

Deeper and more meaningful networking
There's plenty of time for informal dialogue and shared learning during speed networking, the drinks reception, breaks and round table discussions.

Decarb Connect Next Gen Awards

NOW CLOSED

Following a success at Decarb Connect North America, we're delighted to launch the Next Gen Awards in Europe.

WHY ENTER?

- Present and demo your solution on the main stage to 200+ attendees - 45% of which are industrial!
- 2 x all access pass to attend Decarb Connect Europe and winners receive a professional video interview onsite, along with discounted upgradeable booth
- Network, network, network - partake in roundtable discussions, 1-2-1 meetings and more by simply attending Decarb Connect North America as a VIP Next Gen Finalist
- Virtual Mentoring with Decarbonisation Leaders Network Members (minimum of three virtual meetings)
- Feature in the Decarb Connect monthly newsletter and on the Decarb Connect podcast with an audience of 42,000 downloads
- Exposure in the Energy Tech Disruptors EU 2024 report - shared with our network of over 8000 financiers, venture capitalists and private equity
- We want to follow your story, so we will share updates with our audience 6 months post event.

AWARD CATEGORIES

CATEGORY 1 – CCS – Carbon Capture and Storage

CATEGORY 2 – Alternative Fuels – Biomass, Hydrogen, Wind and Solar etc.

CATEGORY 3 – Circularity- CO2 reuse, CO2 utilization technologies

Finalists

Applications for Next Gen Awards are now Closed

Site Visits

MONDAY 17TH JUNE 2024

12.15 PM

Site Visit - Hosted at BASF Schwarzheide GmbH Plant

- Innovative technology extracts lithium, nickel, cobalt, manganese and copper from end-of-life lithium-ion batteries and battery production scrap
- Plant represents further milestone in building Europe's first co-located center of battery material production and battery recycling in Schwarzheide

12.00 PM - Meet at The Palace Hotel

12.15 PM - Leave Berlin - Bus (provided by Decarb Connect)

2 PM - Arrival at the Schwarzheide Plant from Berlin.

- Welcome reception with soft drinks and snacks at the Kulturhaus (Kulturhaus (Schipkauer Straße 1 · 01987 Schwarzheide)
- 30-minute presentation with Dr. Robert Preusche, Head of Renewable Energy, BASF
- 1 hour site tour by bus Dr. Robert Preusche and Dr. Daniel Böhme.
- Return to the Kulturhaus for 30 minutes. – Networking Break

4 PM - End of the visit. Attendees get the bus back to Berlin.

5.30 PM – Arrive back at The Palace Hotel

OR

1.00 PM

Site Tour – Hosted by CEMEX

12.00 PM - Meet at The Palace Hotel

12.15 PM - Leave The Palace Hotel - Travel to CEMEX Rüdersdorf Plant

1.30 PM - Arrive at Rüdersdorf Plant - Refreshments, Networking and Restroom Break

1.50 PM -

- Discussion with Cemex team
- Cemex road map and how this is being brought to life at the plant.
- Review of the alternative materials, how sourced, what the shift from coal requires of a site, other fuels in consideration.

- Exploration of avoidance technologies being evaluated.
- How Cemex is collaborating with suppliers to decarbonising scope 1/3 emissions
- Q&A

2.30 – Plant tour

- Circular blending bed
- Raw material storage
- Vertical roller mill
- Pre-heater tower with view of quarry and village
- Kiln
- Control Station
- Ball Mill

4.30 PM - Attendees board bus for return to The Palace Hotel

5.30 PM - Welcome Drinks for all attendees of Decarb Connect Europe 2024 at The Palace hotel

5.30 PM

Welcome Drinks

6.45 - 8.30 PM

Pre-Conference Invite-Only Networking Dinner

On registering to attend the event, please let us know if you are interested in attending this exclusive invite-only dinner.

DAY ONE - TUESDAY 18TH JUNE, 2024

8.00 AM

Registration Opens

Join us early - get your badge, avoid the queues and to enjoy coffee and light breakfast!

8.30 AM

Welcome & Opening Comment from the Chair

Alex Cameron,
Founder and CEO,
**DECARB CONNECT & DECARBONISATION
LEADERS NETWORK**

8.45 AM

Keynote: Progress in the energy transition

The transition of the world's energy system will not be linear as different industries and regions are moving at different paces.

In this keynote, Max Mannino will discuss Shell's view on the energy transition, as well as Shell's strategy to meet growing demand for energy today whilst helping build the low-carbon energy system of the future and to help decarbonise customers.

Max (Massimiliano) Mannino,
Vice President of Customer Solutions,
SHELL ENERGY

9.10 AM

Industrial Spotlight: IFESTOS Project: Zero-carbon cement at scale. Presented by Titan Cement

Dive into a case study on the IFESTOS Project, supplying the market with 3 million tons per year of zero-carbon cement, capturing 98.5% of the plant's CO2 emissions.

Faidon Prokopios,
Group Head of New Technologies &
Manufacturing,
TITAN CEMENT

9.25 AM

Fireside Chat: Modular waste heat recovery with TITAN Cement and Orcan Energy

Dive into a case study on the IFESTOS Project, supplying the market with 3 million tons per year of zero-carbon cement, capturing 98.5% of the plant's CO2 emissions.

Faidon Prokopios,
Group Head of New Technologies &
Manufacturing,
TITAN CEMENT

Marcus Lintl,
Head of Industry & New Business,
ORCAN ENERGY

Main Conference Agenda:

DAY ONE - TUESDAY 18TH JUNE, 2024

9.50 AM

Awards Pitches: Hear from the finalist tech disruptors

Hear the latest innovations in capturing technologies and alternative fuels.

Category 1: CCS – Carbon Capture and Storage

PITCH 1: RepAir Carbon – Jean-Philippe, Head of Strategy & Growth

PITCH 2: Ardent

Category 2: Alternative Fuels – Biomass, Hydrogen, Wind and Solar etc.

PITCH 1: Luminescent Power - Doron Tamir, Chief Executive Officer

PITCH 2: Matteco – Daniel Orient, Special Projects Manager

10.00 AM

Coffee Break

Enjoy a coffee and a snack with attendees or utilise the time for a brief meeting.

10.30 AM

Industrial Spotlight: Exploring the opportunities and challenges of CCUS, through Eramet's ferroalloys production plant in Norway.

Julien Burdeau,
Group Decarbonisation Director,
ERAMET

10.55 AM

Panel: Partnerships models between disruptors and industrials in Hydrogen

Exploring the key role of Hydrogen in industrial decarbonisation and which partnerships are necessary to successfully implement hydrogen.

- What partnerships are available for hydrogen?
- How was the project funded?
- What storage and transportation options are available?
- How were project partners selected?
- Commercialising green hydrogen

Thomas Fureder,
Managing Director,
**BARCLAYS
INVESTMENT BANK**

Jonathan Harray,
Business Developer,
JOHNSON MATTHEY

Moderator:
Stefano Mirellio,
EU External Relations Manager,
**CARBON CAPTURE STORAGE
ASSOCIATION (CCSA)**

11.40 AM

BASF Transformation and the Importance of Carbon Accounting

Hear how BASF are committing to developing a circular option in every major product line by 2025.

Frederic Nyssen,
Director of Net Zero Priorities and
Opportunities,
BASF

Alessandro Pistillo,
Director of Digital & Sustainability Strategic Projects,
BASF,
& Co-Chair Work Stream GHG Scope3 Emissions, **TFS**

DAY ONE - TUESDAY 18TH JUNE, 2024

12.05 PM

Awards Pitches- Final

Hear from the finalists of -

Category 3: Circularity- CO2 reuse, CO2 Utilisation technologies.

PITCH 1: Neustark – Maikel Kletsel, Consultant Sales

PITCH 2: Cocoon Carbon – Eliot Brooks, CEO & Co-Founder

12.10 PM

Lunch

Use the time to book some 1-2-1 meetings or to relax with new colleagues and old contacts.

1.35 PM

Afternoon Opening Comment from Chair

1.40 PM

Insights: Drax's BECCS Facility

Felicity Bush,
Bio Energy and Carbon Capture Storage
(BECCS) Sales Delivery Manager,
DRAX

1.55 PM

Policy Framework for CCUS in the EU presented by the EU Commission

Hear insights to how the EU Commission is shaping policy around CCUS following the Industrial Carbon Management Strategy Report, claiming to scale up carbon management.

- How is the EU establishing a single market for CO2 in Europe?
- How is the EU creating a more attractive environment for investments in carbon management technologies?

Daniel Kitscha,
Investment Policy Officer,
EU COMMISSION / DG CLIMA

2.10 PM

Panel Discussion: Leveraging funding opportunities for Carbon Capture and Storage in Europe

Hear from the latest investors in CCS projects across Europe and learn about different funding programmes available.

- Where are investment funds going in Europe? Where do they need to go?
- What funding opportunities are available? i.e. grants, and private investment?
- How can carbon tax have an impact?

Daniel Kitscha,
Investment Policy
Officer,
**EU COMMISSION/
DG CLIMA**

Irina Kerner,
Industry Policy
Department,

MINISTRY FOR
ECONOMIC AFFAIRS
AND ENERGY**

Moderator:
Ellina Levina,
Head of Public Affairs,
**GLOBAL CARBON CAPTURE
AND STORAGE INSTITUTE**

Main Conference Agenda:

DAY ONE - TUESDAY 18TH JUNE, 2024

2.50 PM

Tech Spotlight Pitches

Hear from the latest innovators in decarbonisation technology:

Electrified Thermal Solutions: Philip Stephenson, VP Business Development

Accord Energy Solutions: Gordon Inglis, Director.

Cluster Decarbonisation Industry

3.05 PM

Roundtable Discussions

Choose one of the tables to hear about the latest innovations helping hard-to-abate industries decarbonise.

- **Table 1:** Assessing breakthrough innovations in cement and concrete technology to achieve decarbonization targets.
Speaker: John Giannakopoulos, Sustainability Decarbonization Expert, **TITAN CEMENT**
- **Table 2:** Energy efficiency
Speaker: Dieter Regnat, Program Manager Sustainable Operations and Sustainability Transformation, **CLARIANT INTERNATIONAL**
- **Table 3:** How decarbonisation will generate new competing forces for the industrial sectors- how will these competitions generate new risks and opportunities?
Speaker: Jerome Lucaes, Chief Executive Officer, **FAST FORWARD ZERO**
- **Table 4:** Navigating a long and uncertain journey of permitting
Speaker: Ivar Fossum, Chief Executive Officer, **NORDIC MINING**

3.45 PM

Afternoon Networking Break

Enjoy a coffee and light refreshment.

4.15 PM

Panel: Transitioning to low-carbon fuels: Strategic long-term perspectives

- What is the future of legislation for alternative fuels?
- What is the scalability of biomass production?

Rasmus Tengvad,
Head of Division
DANISH ENERGY AGENCY

Gonzalo Galindo Gout,
President,
CEMEX VENTURES

Lars Hansen,
Head of Business
Development,
ØRSTED

4.50 PM

Tech Spotlight: Pitches

Hear from the latest innovators in decarbonisation technology:

Econnext: Jobst von Hoynungen-Heune, Chief Executive Officer & Co-Founder

Brenmiller Energy

REGISTER NOW

Main Conference Agenda:

DAY ONE - TUESDAY 18TH JUNE, 2024

5.00 PM

Panel: Addressing the Impact of CBAM and the carbon pricing landscape

- What are the main reporting obligations?
- What is the impact of CBAM on a global scale?
- How can companies prepare to register for CBAM?
- Determining data availability

Nico Girod,
Managing Director,
**CLEARBLUE
MARKETS**

Tim Balacaen,
QSHE Manager, ,
SMULDERS

Tim Grossheimann,
Regional Lead Central Europe,
STRIVE BY STX

5.35 PM

Panel - Carbon Capture and Storage Progress Across Europe: An update on projects

After Brussels has called for countries to adopt a binding EU-wide storage target of 50 million tons of CO₂ by 2030, as part of its net-zero act, this session will explore progress across Europe with adoption of carbon storage solutions.

Moderator:
Chris Davies,
Director,

Partnering Opportunities

Whether you want to find new leads, evaluate new partnership opportunities, amplify your leadership position or enhance your brand positioning, our packages are completely bespoke to meet your objectives. We combine our events, reports, webinars, podcast and leadership network opportunities to create a package that compliments your wider marketing strategy and surpasses your expectations.

Business Development & Lead Generation

- Custom events, meetings & networking opportunities
- Site visits
- Webinars
- Networking drinks reception
- Private Dinner, Breakfast meetings or Luncheon
- 1-2-1 introductions & meetings
- Away day host

Brand Building & Positioning

- Onsite branding – booths, registration & more
- Branding across event signage
- Website
- Video
- On-demand host

Thought Leadership & Industry Innovation

- Keynote
- Roundtables or panel discussions
- Industry surveys & reports
- Podcast host or participant
- DLN monthly theme sponsor
- Heatmap
- Fireside chats
- Case studies & project review

Media Partners

With thanks to our 2024 Partners

Registration

What's included?

- Access to the full attendee list via the event app.
- Onsite hospitality: lunches, drinks and opportunities for networking in small groups throughout the event.
- Two day full access to all sessions in-person, interact and ask questions during panel discussions and roundtables.
- Network and arrange group meetings or 1-2-1 meetings with all attendees, including speakers and sponsors.
- Early registrants may have the option of joining our site tours - these are strictly limited to 30 attendees each.
- Join the pre event networking dinner for an additional minor fee - book online

Book your team & make big savings

Across the hard-to-abate ecosystem, many companies send multiple functions, why not coordinate and group booking and save up to 30%?

To find out more and coordinate your booking, email Ruben Babei: ruben@decarbconnect.com

Hotel Palace Berlin, Budapester Str. 45, 10787 Berlin, Germany

Rates to attend: We have 40 VIP guest passes available for hard-to-abate producers

BOOK NOW

	Super Early bird (ends 19 th April)	Early bird (ends 17 th May)	Standard Rate
